1940

Report on the Working of the District Boards in the United Provinces for the year 1937-38

RESOLUTION

READ—

Divisional Reviews of Commissioners on the Working of District Boards for the year ending 31st March, 1938; Annual Report of the Local Audit Department in the United Provinces for 1937-38, Triennial Report of Civil Hospitals and Dispensaries for the years 1936-37; Annual Report of the Director of Public Health for the year ending 31st December, 1937, and General Report on Public Instruction for the year ending 31st March, 1938.

OBSERVATIONS

THE constitution of the district boards remained unaltered. **Constitution**

There was an increase in the number of meetings, from 758 to 789. **Meetings** They were much too frequent in Azamgarh, Bahraich, Basti, Hardoi, and Mirzapur. On the other hand, Saharanpur held only 7, Bulandshahr 8, Farrukhabad, Unao, and Kheri 9, and Bijnor and Ghazipur 11 meetings each against the statutory minimum of 12. The number of meetings which had to be adjourned for want of a quorum increased from 125 to 145. For the third year in succession Gonda's record was the worst in this respect; no business could be transacted in that district at 12 out of 21 meetings for want of a quorum. The District Boards of Azamgarh, Bahraich, and Basti were also conspicuous for a large number of abortive meetings. In fact these boards could hardly have functioned, but for the rule that no quorum is necessary at an adjourned meeting. The number of meetings otherwise adjourned also increased from 48 to 65. The District Board of Budaun adjourned no less than 11 out of 16 meetings and Partabgarh 5 out of 14 meetings. The average percentage of attendance of members further decreased from 57·17 to 55·85 and was below 50 per cent. in the case of no less than 14 boards showing a lamentable lack of interest on the part of members which, as remarked by the Commissioner, Meerut Division, becomes more and more marked as the life of the board advances. In fact 6 members in Basti, 2 in Gorakhpur, 1 each in Mirzapur, Aligarh, Hamirpur, and Bahraich did not attend a single meeting of the Board and 6 members in Gorakhpur and 2 in Ghazipur attended no more than one meeting.

Tahsili committees languished in most districts as before and did nothing substantial to justify their existence. The departmental and education committees are reported to have done well.

The total income of the boards during the year fell slightly, from 194·77 to 194·15 lakhs. **Income.** The tax on circumstances and property continued in force in 26 districts. The total yield from this tax which had risen in the preceding year to 5·95 lakhs declined to 5·58 lakhs. The decrease was shared by 18 boards. While the cost of collection was as high as 29 per cent. of the income the collection in the majority of cases were below estimates. In 21 districts which were subject to

detailed audit the outstanding arrears of tax due but not collected, amounted to Rs.13,41,595, that is more than double of the total realization for the province during 1937–38. It is evident that the efforts made by boards to reduce the cost and increase the efficiency of their assessing and collecting agencies are still far from being adequate.

The increase or decrease under each of the more important heads of income is shown in the following statement :

Income

Heads	1936-37	1937-38	Difference
	Rs.	Rs.	Rs.
Government grants ..	81,53,197	82,55,018	+1,01,821
Local rates	74,84,546	74,28,722	—55,824
Circumstances and property tax..	5,95,057	5,58,586	—36,471
Land revenue (Kumaun only)	46,167	46,103	—64
Pounds	6,53,576	6,54,430	+854
Ferries	6,91,696	6,78,159	—13,537
Education	8,32,398	8,19,273	—13,125
Medical	3,84,802	3,58,872	—25,930
Public Health	21,072	17,830	—3,242
Veterinary	55,880	61,614	+5,734
Fairs and exhibitions ..	1,38,480	1,66,828	+28,348
Interest	50,935	48,646	—2,289
Unspent Government grant ..	30,459	33,378	+2,919
Total income ..	1,94,77,984	1,94,15,415	—62,569
Percentage of Government grant to total income ..	41·85	42·56	+·071
Opening balance ..	26,92,895	28,37,418	+1,44,523

The incidence of income per head of the population remained the same as in the previous year, viz., 6 annas and 11 pies, the incidence of taxations was 2 annas and 10 pies as compared with 2 annas and 11 pies in the previous year.

The total expenditure of boards rose from 193·00 to 196·11 lakhs. The increase was shared by 33 boards and occurred under Education, Medical, Public Health, Vaccination, Public Works, and Fairs and Exhibition. There was a further fall in the cost of general administration and a small but welcome decrease in expenditure on pounds.

The following statement shows the chief increases or decreases under more important heads of expenditure as compared with the previous year :

Expenditure

Heads	1936–37	1937–38	Difference
	Rs.	Rs.	Rs.
Education	1,11,06,444	1,13,10,243	+2,03,799
Medical	20,27,338	20,38,625	+11,287
Public Health	2,97,625	3,09,021	+12,756
Vaccination	3,10,298	3,14,378	+4,080
Public Works	33,34,175	34,69,026	+1,34,851
Veterinary	3,20,191	3,07,608	—12,583
Pounds	4,56,951	4,52,041	—4,910
Fairs and Exhibitions ..	1,09,370	1,22,350	+12,989
Agriculture and Arboriculture	79,924	75,656	—4,268
General administration and collection charges ..	10,17,887	9,86,590	—31,297
Miscellaneous	1,35,530	1,09,103	—26,427
Total expenditure ..	1,93,00,651	1,96,11,792	+3,11,141

Education absorbed 57·16 per cent., Medical 10·3, Public Health 1·5, and General Administration 5·0 per cent. of the total expenditure.

As before the main sources from which boards derived their income were Government grants and local rates which contributed 42 and 38 per cent. respectively of the total income. Total expenditure exceeded total income by 1·96 lakhs and no less than 28 boards spent more than their income. The closing balance at the absolute disposal of the boards dwindled from 15·83 to 13·99 lakhs and fell short by 26·01 lakhs of the prescribed working minimum of 40 lakhs. It is a matter of concern to Government that the amount of closing balance has been steadily declining since 1923 when it amounted to 43·50 lakhs. The total amount of invested funds in the possession of the boards decreased from 20·58 to 20·27 lakhs, while Etah, Budaun, Shahjahanpur, Cawnpore, and Garhwal have no invested funds at all. It is not unlikely that the invested funds of several others will disappear before long as the boards are generally too prone to draw upon these funds as a convenient means of balancing their deficit budgets. No less than 11 boards failed to provide the minimum working balance prescribed under section 160 of the District Boards Act. Finance.

The following review of the finances of the boards in each division will show that the position of many boards continued to be unsatisfactory.

Meerut Division

The total ncome of the boards in this division fell concurrently with an increase in expenditure. The decrease in income was shared by all the boards except Muzaffarnagar and Bulandshahr while expenditure exceeded income in all the boards. Dehra Dun could not even provide the statutory minimum working balance and its financial position continued to be precarious.

Agra Division

The total expenditure rose from 17·93 to 18·07 lakhs and the total expenditure from 17·60 to 17·87. Expenditure exceeded income in all the boards except Aligarh and Agra. Etah continued to have no invested funds. All the boards had undischarged liabilities outstanding against them at the close of the year which totalled Rs.17,069.

Rohilkhand Division

The financial position continued to deteriorate. While income fell by Rs.46,288 the expenditure rose by Rs.24,330 and exceeded income in Bareilly and Pilibhit. The latter continued to maintain its reputation of being the only financially sound board in the divis on. The balances at the absolute disposal of the Bareilly, Budaun and Moradabad Boards were less than the prescribed minimum. Budaun had no invested funds and Shahjahanpur a nominal Rs.25.

Allahabad Division

The decrease of Rs.86,486 in income was shared by all the boards. Expenditure exceeded income in Cawnpore and Fatehpur. Both the boards failed to provide the minimum working balances. The financial condition of the former was particularly unsatisfactory. It had no invested funds, while the balance at its absolute disposal was only Rs.2,314 againt the prescribed minimum of Rs.11,000. The invested funds of the Farrukhabad Board had dwindled from 1·33 lakhs to Rs.7,000 and the balance at its absolute disposal amounting to no more than Rs.9,476 was totally inadequate for a board with an annual income and expenditure of about 4 lakhs.

Jhansi Division

The increase in total income from 12·04 to 12·12 lakhs is wholly accounted by an increase in the amount of Government grant. Expenditure rose from 11·79 to 11·80 lakhs and exceeded income in Banda. This board had undischarged liabilities amounting to Rs.32,726 at the close of the year.

Benares Division

Total income fell by Rs.7,308 in spite of an increase in the Government grant by Rs.26,550 during the year. Expenditure on the other hand rose by Rs.9,194 and exceeded income in Benares, Mirzapur, and Ballia. In fact none of the boards kept its expenditure within the limits of its income. Jaunpur, Benares, and Mirzapur had liabilities outstanding at the close of the year, while Ghazipur had a nominal sum of Rs.492 at its absolute disposal.

Gorakhpur Division

The total income rose from 21·98 to 22·11 lakhs and the total expenditure from 22·21 to 23·0. The increase in income, which was shared by all the boards, was more than set off by an increase in expenditure which exceeded the income. The boards further reduced their balances from 2·69 to 2·08 lakhs. The financial position of the Basti Board has further deteriorated. The Azamgarh Board could not pay the salary of its teachers in the primary schools for months together.

Kumaun Division

Total income rose from 9·08 to 9·12 with a corresponding increase in expenditure, from 8·98 to 8·99 lakhs, which was shared by all the boards. Expenditure exceeded income in Naini Tal. The District Board of Garhwal which ran through all its invested funds in 1930 still had none.

Lucknow Division

Total expenditure rose from 23·02 to 23·43 and exceeded income in Unao, Sitapur, and Hardoi. Except Lucknow which could not provide the prescribed minimum working balance the financial condition of all the boards was fairly satisfactory.

Fyzabad Division

Total income rose from 23·03 to 23·45 with corresponding increase in expenditure, from 23·18 to 24·03. Expenditure exceeded income by Rs.57,998 and the deficit was shared by all the boards except Bahraich. The Gonda Board could only make the two ends meet by drawing Rs.25,300 out of Rs.35,500 in its invested funds. The financial position of the Bahraich Board was desperate. Partabgarh had also to draw upon its invested funds.

This brief survey of the financial condition of boards affords little encouragement. The position of several boards is actually worse than what appears on paper as deficit balances have been concealed on account of their failure to utilize in full the grants made by Government. Although some of the boards are making genuine efforts to extricate themselves from the financial morass bequeathed to them by their predecessors, exhausted balances and squandering of invested funds are still too common in the majority of cases. This is partly due to a neglect of the elementary principles of proper budgeting and partly to the folly of undertaking expenditure in excess of income. Unless boards realize the necessity of effecting economy by a rigid husbanding and supervision of their existing resources while at the same time exploring all possible sources of new income, improvement is impossible.

The report of the Local Audit Department for 1937–38 shows that the accounts in the majority of boards showed no appreciable improvement and left much to be desired. Audit.

Embezzlements and other serious irregularities involving loss of money were discovered in 19 as against 11 boards last year. As before disregard of financial rules and lack of proper supervision over staff

facilitated misappropriation of boards' money. But the worst feature of these embezzlements was that the culprits even when caught red-handed were allowed to escape with negligible punishment and sometime with no punishment at all. In only 6 out of the 24 cases of embezzlement and misappropriation brought to light during the year under review were prosecutions instituted. The boards took no action in 5 cases and 2 were not even reported to the Examiner, Local Fund Accounts. Glaring instances of undue leniency were furnished by the District Board of Agra, which in one case condoned the fault of a pound moharrir who had been guilty of embezzlement and reinstated him after he had made good the amount. The Board reinstated another moharrir who had been suspected more than once of embezzlement and corruption. Another glaring instance was presented by the Gorakhpur Board which let off a cashier who had misappropriated more than Rs.1,000 by transferring him to another post after he had made good the amount.

Habitual dilatoriness in the disposal of audit notes was reported against 12 boards. The numerous financial and other irregularities disclosed by the report betray a serious lack of business capacity of the boards in general. A higher offer secured by the Secretary of the Bulandshahr District Board at a public auction was turned down by the Board on flimsy grounds and a lower one from the same person was subsequently accepted. The accounts relating to the circumstances and property tax were very unsatisfactorily maintained and a number of irregularities were detected in collection. Pound accounts were also full of defects and irregularities, and instances of lack of supervision were numerous. The school accounts of several boards did not show any improvement. In the case of ferries, faulty supervision combined with lack of proper care in the selection of lessees was again responsible for loss of income under that head. Irregularities of a general nature were noticed in the public works accounts of 8 boards. The provident fund accounts of district board employees were generally not satisfactorily maintained. Several boards were reported to have sustained considerable losses through irregular and extravagant expenditure.

The report like so many of its predecessors provides dismal reading. The position is not likely to improve unless prompt and effective action on audit reports is made the rule, instead of an exception as at present.

ds. Total income from pounds increased nominally from 6·53 to 6·54 lakhs, but the management of individual pounds further deteriorated, and in no less than 26 boards the income declined. On the year's working the net profit of all boards from pounds was only 2 lakhs as compared with over 6 lakhs 13 years ago. In the case of 6 boards, viz. Benares, Jaunpur, Ghazipur, Ballia, Almora, and Garhwal, the expenditure on pounds actually exceeded the income derived from them, while in Saharanpur, Muzaffarnagar, Meerut, and Azamgarh the two were nearly set off.

Lack of proper supervision is more clearly evident from the overwhelming majority of cases of embezzlements and misappropriation which occurred mostly in the pound accounts of the boards. Further corroboration is furnished from a typical instance presented by a pound in the Ballia District where 548 heads of cattle were sold for Rs.563 only.

Total expenditure on medical relief increased slightly, from 20·27 to 20·38 lakhs, but 21 boards spent less under this head than in the previous year. Expenditure on the Western system of medicine further increased, from 18·71 to 18·78 lakhs. Expenditure on the indigenous system which takes the form of employing or subsidising approved vaids or hakims increased from 1·55 to 1·66 lakhs. Eighty-seven such dispensaries were working. Medical.

Twelve boards were assisted by grants aggregating Rs.3,290 from the Board of Indian Medicine.

Under the scheme of "subsidized medical practitioners in rural areas" 28 qualified and registered medical practitioners were at work, being in receipt of subsidies amounting to Rs.18,000 as compared with 20 such practitioners drawing subsidies amounting to Rs.12,000 in the previous year. The number of dispensaries subsidized by Government was 68. Every encouragement continued to be given to medical graduates and licentiates to come forward and work as honorary physicians and surgeons in State as well as boards' hospitals.

Several district boards experienced difficulty in securing adequate and prompt contributions from municipal boards and other local bodies concerned towards the cost of district board dispensaries maintained in the areas of those bodies. Complaints about this were reported from Meerut, Muzaffarnagar, Agra, Hamirpur, and Fyzabad. It is regrettable that such difficulties should have arisen.

Expenditure on Public Health increased from 2·97 to 3·09 lakhs, but 14 boards spent less than in the previous year. Excluding grants by Government and the Board of Public Health, the actual expenditure of the boards on Public Health was Rs.1,60,159 or 0·8 per cent. of their total income. The Boards of Dehra Dun, Aligarh, and Jhansi spent only Rs.46,172 and Rs.163 respectively under this head. Public Health

The district health scheme continued in force in 34 districts. Five thousand and twelve dispensaries were managed by the Director of Public Health; their operations extended to 8,501 villages and they were reported to have done useful work. Over 9,000 were put into a sanitary condition under the village aid scheme, but the improvement of water-supply did not receive as much attention from the boards as it deserved.

Expenditure on Vaccination rose from 3·10 to 3·14 lakhs and over 15 lakhs vaccinations were performed. The increase in vaccination may be attributed to the activities connected with rural development as a result of which the village people are becoming more enlightened.

s. Expenditure on the repair of metalled roads rose from 17·80 to 18·75 lakhs. Twenty-eight out of 48 boards shared in this increase. So far as it goes, this is satisfactory. But roads have in the past been allowed to deteriorate to such an extent that only sustained effort over a number of years can put them into a reasonably satisfactory condition. It is, therefore, not surprising that excepting a few districts the condition of roads was generally most unsatisfactory. Their condition was particularly bad in the Meerut Division as also in the Aligarh District. It was still worse in the Rohilkhand Division. In Shahjahanpur the condition of roads deteriorated to an alarming extent, but improvement is in sight through a loan of Rs.1,50,000 which has been granted by the Government. Jalaun and Ballia were the other boards where the condition of the roads was equally worse. This state of affairs is hardly surprising seeing that the average expenditure per mile was only Rs.373 as against the standard of Rs.700 per mile fixed by the Public Works Department.

It is further regrettable that the provision for maintenance and repairs in spite of its inadequacy was not always fully utilized.

ucation. Expenditure on education may be classified under the various important heads as follows :

	1936–37 (in lakhs)	1937–38 (in lakhs)	Difference (in lakhs)
(1) Government grants—			
Recurring	70·64	70·47	—0·17
Non-recurring ..	1·21	2·02	+0·81
Total, Government grants	71·85	72·50	+0·65
(2) Total expenditure including original buildings ..	111·72	113·98	+2·26
(3) Expenditure from boards' own funds	39·87	41·48	+1·61
(4) Expenditure on middle schools for boys ..	18·75	18·76	+0·1
(5) Expenditure on ordinary primary schools for boys	68·34	68·53	+0·19
(6) Expenditure on female education	3·76	3·86	+0·10
(7) Expenditure on education for the depressed classes	1·82	1·79	—0·3
Total number of scholars in managed or aided schools	11·96	12·17	+0·21

The total number of scholars per thousand of the population increased from 26·71 to 28·68. Compulsory primary education continued in 25 districts with varying degrees of failure or success. On the whole sufficient progress has not been achieved.

The progress of female education continued to be very slow. But this is not surprising seeing that while boards spent 55·6 per cent,

on the education of boys they spent no more than 1·47 per cent. on the education of girls.

Expenditure on education for the depressed classes in the non-compulsory areas decreased from 1·82 to 1·79 lakhs. The number of depressed class boys studying in ordinary schools continued to increase. This seems to indicate that caste barriers are growing weaker.

The review is again a sad commentary on the standard of administration of the boards constituted under the existing Act. The foregoing paragraphs refer to many defects of administration which have persisted despite repeated criticisms. The truth appears to be that internal dissensions, faction mongering, based on personal likes and dislikes, dominate the minds of the majority of several boards, and tend to subordinate public interests. Their administration naturally reflects this deplorable mentality in more ways than one. General.

Financial difficulties confront most district boards. In endeavouring to put or maintain their finances on a satisfactory basis the boards have undoubtedly to cope with serious difficulties. The taxes which they can levy under the Act and the sources of income which they can tap are few, and one of the taxes open to them—the tax on circumstances and property—is peculiarly difficult to realize. But the difficulties would diminish if greater attention was paid to supervision of income yielding institutions such as pounds and to collection work generally. Budget estimates ought also to be prepared and submitted more punctually, so that boards may have time to obtain the Commissioner's advice and enable him, where interference is desirable in the interest of a board, to exercise the control which is provided for in section 161 of the District Boards Act.

At the same time Government gladly recognize that several of the chairmen and members of the boards, often in the face of intrigue and unfair criticism, carried out their duties faithfully and conscientiously, and that the records of several of the boards was better than that of the preceding year. To all such chairmen and members and to all those whose names the Commissioners have reported for good work in their respective districts, the Government tender their thanks.

ORDER

Ordered that the Resolution be published in the *United Provinces Gazette* for general information.

Ordered also that a copy be forwarded to all Commissioners of Divisions; the Examiner, Local Fund Accounts; Inspector General of Civil Hospitals; Director of Public Health; Director of Public Instruction; District Officers; and Chairmen of District Boards, United Provinces, for information.

By order,

R. N. DEY,

Secretary to Government,

United Provinces.
